In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Big Brothers Big Sisters of Palm Beach and Martin Counties, Inc. as of June 30, 2024, and the changes in net assets and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Big Brothers Big Sisters of Palm Beach and Martin Counties, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Berger, Toombs, Elam,
Gaines & Frank
Certified Public Accountants PL

To the Board of Directors
Big Brothers Big Sisters of Palm Beach and Martin Counties, Inc.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
June 30, 2024**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Big Brothers Big Sisters of Palm Beach and Martin Counties, Inc. (the "Organization") is a nonprofit corporation organized in Florida. The Organization is affiliated with Big Brothers Big Sisters of America, which is the oldest and largest child mentoring organization in the United States. The Organization uses supervised, one on one friendships between a volunteer and a child in need of a positive role model to accomplish a successful mentoring relationship.

Basis of Presentation

Under the FASB Accounting Standards Codification (ASC), the Organization is required to report information regarding its financial position and activities according to two classes of net assets (net assets with donor restrictions or net assets without donor restrictions) based upon the existence or absence of donor-imposed restrictions.

As required by the Reserve Recognition Topic of the FASB ASC, the Organization accounts for contributions received as donor restricted or without donor restrictions support, depending on the existence and/or nature of any donor restrictions.

Summarized Information

The financial statements include certain prior year summarized comparative information in total but not by asset class. Such information does not include a sufficient amount of detail to constitute a presentation in conformity with U.S. Generally Accepted Accounting Principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. All other donor-restricted contributions are reported as increases in net assets with donor restrictions or net assets without donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fixed Assets

Equipment is recorded at cost or at estimated fair value at the time of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Equipment is depreciated using the straight-line method, over lives of three to five years. All assets purchased for greater than \$500 are capitalized.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Net Assets

The financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Net Assets Without Donor Restrictions

Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting for the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net Assets With Donor Restrictions

Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the Organization must continue to use the resources in accordance with the donor's instructions.

**Big Brothers Big Sisters
of Palm Beach and Martin Counties, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2024**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. Net assets restricted for acquisition of buildings or equipment (or less commonly, the contribution of those assets directly) are reported as net assets with donor restrictions until the specified asset is placed in service by the Organization, unless the donor provides more specific directions about the period of its use.

Functional Allocation of Expenses

The costs of the various activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated between Program Services and Supporting Services benefited.

Tax Exempt Status

The Organization is exempt from Federal income taxes, under the provisions of the Internal Revenue Code 501(c)(3) and is not considered a private foundation. The tax periods open to examination in which the Organization is subject include the fiscal years ended June 30, 2021, 2022 and 2023. No uncertain tax positions within the scope of ASC 740 Accounting for Uncertainty in Income Taxes, existed as of June 30, 2024.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Advertising costs

The Organization charges advertising to expense the first time the advertising takes place. For the year ended June 30, 2024, the Organization expensed \$27,458 in advertising costs.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Market Measurements

The Organization reports its fair value measures using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by GAAP, requires that entities maximized the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs used to measure fair value are as follows:

Level 1 – Quoted prices for identical assets or liabilities in active markets to which the Organization has access at the measurement date.

Level 2 – Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in markets that are not active, observable inputs other than quoted prices for the asset or liability (for example, interest rates and yield curves), and inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3 – Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

Donated Materials, Services, and Rent

Donated property, materials, equipment, and rent are recorded as contributions at their estimated fair market value at the date of donation. Such donations are reported as increases in net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Donated professional services are recorded at the estimated fair market as both support and expense in the period that the services were performed if they meet the criteria of *FASB ASC 958-605* and subsections. The Organization does not recognize any support, revenues or expenses contributed by volunteers as management has determined there is no practical way to estimate their values. No amounts have been reflected in the financial statements for donated services which do not require specialized skills.

**Big Brothers Big Sisters
of Palm Beach and Martin Counties, Inc.
NOTES TO FINANCIAL STATEMENTS
June 30, 2024**

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases

The Organization determines if an arrangement is a lease, or contains a lease, at inception. Lessee arrangements recognize a lease liability and a right of use (ROU) asset in the Statement of Financial Position at the commencement date of the lease. The lease liability represents the Organization's obligation to make lease payments arising from the lessee arrangement and is initially and subsequently recognized based on the present value of future lease payments. The ROU asset represents the Organization's right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction, and is amortized on a straight-line basis over the terms of the associated lease. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option.

Payment for short-term leases with a lease term of less than twelve months, and lease agreements below the Organization's approved annualized threshold, are recognized as expenses as incurred. The Organization has established a \$7,000 threshold, for total annual payments, for leases subject to FASB Topic 842. Short-term leases and leases under the threshold are not included as lease liabilities or right of use assets on the Statement of Financial Position.

NOTE B – CASH

Cash as reported on the Statement of Financial Position, includes the following:

Checking	\$ 444,982
Money markets	4,494
Petty cash/Gift cards	2,916
Total	<u>\$ 452,392</u>

Cash and cash equivalents are held in various financial institutions. At June 30, 2024, the Organization had \$458,114 on deposit in banks, \$23,030 of which was not insured by the Federal Deposit Insurance Corporation. The Organization also had money market accounts, in the amount of \$4,494, all of which was insured by the SIPC. Money market accounts are SIPC insured up to \$250,000 for cash and \$500,000 per customer. Protection provided is only if the brokerage firm ceases doing business and not against losses from fluctuation in the value of the securities. The Organization also keeps gift cards on hand for purposes of the Season to Share program. These gift cards, along with petty cash, are included in the cash and cash equivalents of the Organization at June 30, 2024.

Fidelity Government Money Market	\$ 662
Certificate of deposit	<u>211,873</u>
	<u>\$ 212,535</u>

The Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe, in the marketplace, the inputs to the Organization’s valuation techniques. Level 1, the most observable level of inputs, is for investments measured at quoted prices in active markets for identical investments as of the June 30, 2024. Level 2 is for investments measured at net asset value that can be redeemed in the near term. Level 3 is for investments measured using inputs that are unobservable and is used in situations for which there is little, if any, market activity for the investment.

The Organization’s investments at June 30, 2024 as noted above were all level 1 investments.
